

LLBCC Meeting 24th November 2020

Chair Report

Signage has been redesigned and ordered for Railway Station, Cross House, Newton Village, Water Yett Car Park and St Ninian's Road Car Park.

Loch Users meeting took place on 18th November where I updated them on the above signage

Low Port closed on 20th November for three weeks but could be longer (Tim Dent)

The water in the Loch remains a problem and HES are struggling to get samples analysed due to Covid 19

Cormorants seem to be at large estimated about 20 fishing in the Loch

Mink and Otters spotted on or near the Loch

No review of dog fouling yet carried out and path work in Town Bay is carried forward

TMG – I am assisting Cllr Conn with a review of street clutter along with Diana from Specsavers and the Royal National Institute for the Blind.

Community Led Tourism in Scotland – Rosemary and I attended a seminar on 17th November from 4 – 5.30pm thinking it was something to help with the Linlithgow project.

It turned out to be a seminar on Social Enterprise Projects for Tourists e.g. Love Lochs and Landscapes at Loch Lomond and a talk from Thomas Fisher about how Uist is dealing with their tourist situation

Seminar was run by SenScot and Creetown Initiative Consultancy

Remembrance Sunday – I attended St Michael's Church on the 8th November to represent LLBCC at a socially distanced service with a maximum of 50 people.

It was very well organised and was very fitting with piped music and live streaming. I wrote to the Church with my congratulations for a very moving tribute to the Fallen.

There were no children present so the wreaths were far fewer than in normal times
